

## FOR IMMEDIATE RELEASE

### **FCC Environmental Services Renews Recycling Processing Partnership with the City of Huntsville**

**Houston, TX (January 5, 2026) — FCC Environmental Services** is pleased to announce the renewal of its Processing of Recyclable Materials contract with the City of Huntsville, Texas, reinforcing a strong and trusted partnership centered on long-term sustainability and operational excellence.

Signed on December 16, 2025, the renewed agreement ensures the continued delivery and processing of recyclable materials at FCC's Houston Materials Recovery Facility (MRF). The contract includes an initial one-year term with options for two additional one-year extensions, providing continuity and flexibility to support the City's recycling goals.

*“This renewal reflects the confidence the City of Huntsville places in FCC Environmental Services as a reliable recycling partner,” said Dan Brazil, Chief Executive Officer. “We value this collaboration and remain committed to delivering responsible, efficient recycling solutions that align with shared environmental priorities.”*

FCC Environmental Services looks forward to building on this relationship and continuing to support the City of Huntsville with dependable, forward-thinking recycling solutions.
