

FOR IMMEDIATE RELEASE

FCC Environmental Services Awarded Contract Renewal for Palm Beach County Service Area 4

Palm Beach County, FL – March 23, 2026 – FCC Environmental Services (FCC) is proud to announce that the Solid Waste Authority (SWA) of Palm Beach County Commissioners approved the renewal of the Service Area 4 residential waste and recycling collection contract on February 11, 2026.

The new agreement will commence on October 1, 2026, and will span a seven-year term. With this renewal, FCC will mark **14 consecutive years of service** to the residents of **Palm Beach County** by the conclusion of the contract term—an enduring partnership built on operational excellence, safety, and community commitment.

This award represents a total contract **backlog of approximately \$130 million** and reflects the continued confidence the SWA and County Commissioners place in FCC’s ability to deliver reliable, high-quality environmental services.

Under the renewed agreement, FCC anticipates employing **85 dedicated team members** to support operations across Service Area 4. Service delivery will be powered by more than **50 existing vehicles and equipment**, ensuring continuity, efficiency, and dependable service for the communities served.

“We are honored to continue serving the residents of Palm Beach County,” said Dan Brazil, CEO of FCC Environmental Services. *“This renewal reinforces our long-standing partnership with the Solid Waste Authority and underscores our team’s commitment to safety, sustainability, and service reliability. We look forward to building on the strong foundation established over the past decade and continuing to deliver responsible environmental solutions for years to come.”*

FCC Environmental Services remains focused on supporting the communities it serves through operational excellence and responsible resource management. The company’s commitment to long-term partnerships and sustainable practices continues to guide its work across the United States.
